Marijuana Anonymous (MA) is a free 12 Step peer-support program focused entirely on our shared problem with cannabis addiction.

A New Leaf Publications (ANLP) is the publishing department of MA and is responsible for MA literature after its creation. The department oversees and administers the publication, distribution, and business of MA literature for the purpose of carrying the message of recovery and service to the community of MA and to outside entities. ANLP also curates and distributes MA's free monthly creative publication. *A New Leaf* seeks to share the message of hope in recovery through the many creative submissions by our community—unifying us in our shared experiences as marijuana / cannabis addicts.

About

Born out of the Marijuana Anonymous fellowship's desire to carry its spiritual message though print and other media to the addict who still suffers, A New Leaf Publications (ANLP) is the publishing department of MA.

Do you have a problem with marijuana addiction? Are you struggling to quit using cannabis? Is it hard to imagine life without being high?

MA has a solution: A simple program based on one addict helping another.

Marijuana Anonymous is a free peer-support program focused entirely on our shared problem with marijuana or cannabis addiction. Marijuana Anonymous uses the basic 12 Steps, founded by Alcoholics Anonymous, because it has been proven that the 12-Step recovery program works.

Members of MA collectively support each other as peers, sponsors, and friends. MA has a book called *Life with Hope* and a companion 12-Step workbook, along with other publications. We use the tools of the MA program to help free us of our addictive tendencies and physical dependence on the substance that has caused damage in our lives.

> Our groups have found a common solution to a common problem — something that had been impossible for each individual member to accomplish on their own.
>
> *– Life with Hope*

Our program is voluntary. The only thing you need to begin participating is a desire to stop using cannabis / marijuana. Marijuana Anonymous meetings are free and can be attended all over the world virtually and by phone, with in-person meetings available in some areas as well.

Who Identifies as a Marijuana Addict?

All types of people find that they are overusing cannabis to the point where it is no longer fun or helpful. In fact, many of us found marijuana seriously harmed the important relationships and goals in our lives. The members of Marijuana Anonymous have developed 12 Questions for you to ask yourself. These questions can help you decide if you are addicted to marijuana.

LITERATURE

A New Leaf Publications is the publisher of all Marijuana Anonymous literature in their various formats.

Marijuana Anonymous is a fellowship of men and women who share our experience, strength, and hope with each other that we may solve our common problem and help others to recover from marijuana addiction.

The only requirement for membership is a desire to stop using marijuana. There are no dues or fees for membership. We are self-supporting through our own contributions. MA is not affiliated with any religious or secular institution or organization and has no opinion on any outside controversies or causes. Our primary purpose is to stay free of marijuana and to help the marijuana addict who still suffers achieve the same freedom. We can do this by practicing our suggested twelve steps of recovery and by being guided as a group by our twelve traditions.

Marijuana Anonymous uses the basic 12 Steps of Recovery founded by Alcoholics Anonymous, because it has been proven that the 12 Step Recovery program works!

We accept young people, senior citizens, criminals, people with mental or physical challenges, and people from all religions, nationalities, races, sexual orientations, and different walks of life. No one is excluded from MA.
